

# CANADIAN MEDICAL ASSESSMENT CENTRE

## COVID-19 SCREENING QUESTIONNAIRE

All claimants will be contacted between 2 and 5 days prior to the scheduled assessment date for a pre-screening of COVID-19. In an effort to mitigate the spread of COVID-19 and for the safety of all personnel involved, CMAC is implementing the following screening questionnaire.

Do you have any Influenza-Like Illness (cough, shortness of breath or difficulty breathing)?	Yes or No
Do you have any Fever (38 or higher)?	Yes or No
Do you have any immune deficiency condition (e.g. on chemotherapy, HIV/AIDS)?	Yes or No
Are you above 60 years of age?	Yes or No
Are you being investigated due to contact with a confirmed or probable case of COVID-19?	Yes or No
Are you a health worker in any acute care or long-term care facility?	Yes or No
In the last 14 days, did you travel outside Canada?	Yes or No
In the last 14 days, did you come in contact with someone with a probable or confirmed case of COVID-19?	Yes or No

If the answer is **yes** to any of these questions, CMAC will not proceed with an assessment. The claimant will be advised to follow the recommendations of Public Health Ontario.
